THE GREAT HALL

THE KING'S HEAD, AYLESBURY

is opening soon

Over the last 3 years, we have been carefully restoring the crown jewel of The King's Head - The Great Hall.

Dating from the Tudor period this splendid room has hosted many a famous soul over the years - from Oliver Cromwell and John Hampden to Judge Jeffries and King Henry VIII amongst many others. Its spectacular stained-glass window has been carefully and skilfully restored, along with the original corner settle - which frames the room perfectly.

Fine Chiltern Brewery Ales on draught and in bottle, will be available along with fine wines.

On our menu will be meals prepared fresh in our kitchen by our dedicated team.

You will have the chance to experience The Great Hall too, when we open the doors soon.

To keep abreast of when and how, visit our website or follow us on social media @kingsheadaylesbury
